

# Attention Deficit Hyperactivity Disorder (ADHD)

**Audience:** mainstream and special

Some suggest that ADHD may affect up to 5% of the school population, yet it is a much misunderstood condition that often attracts negative and unhelpful responses. This course seeks to address the balance and offer real and lasting solutions that will benefit pupils, staff and families

- What is ADHD?
- How it may present itself in the class
- The likely learning and behavioural consequences of having ADHD
- The medication issue
- The effects on other children in the class and in the home
- Taking a positive slant
- Practical strategies for dealing with ADHD
- Case studies and potential solutions to problems presented by children who are known to the course participants.

**Delegate fee:** £195
