

PE Sports Premium

2020-21

What is the Sports Funding grant?

This is a government grant that must be used to fund improvements to the provision of PE and sport for the benefit of primary age pupils.

During the academic year 2019-20 children at Hungerford were weighed as part of National Child Measurement Programme (NCMP). The school's population was categorised as **red**.

The measures included:

- NCMP results for Reception and Year 6
- The number of severely obese children in Reception and Year 6,
- The proportion of children requiring to see a dentist following the fluoride varnish programme
- The percentage of pupils eligible for free school meals.

We know that these factors can affect their health and wellbeing in many ways.

There is a clear need for children at Hungerford to be able to take part in high quality sports provision both during and outside of the school day in addition to developing an active lifestyle and a healthy diet.

Our core aims for the funding are:

- To ensure PE provision is of high quality, both within the core day and the extended day, including our Breakfast Club and After School Club.
- To improve participation rates in a wider range of PE and Sport activities.
- To encourage our children to enjoy taking part in a wide range of sports activities.

For the academic year 2020/21 we are spending our sports premium grant on being able to provide

even better opportunities for children to learn to swim children in KS2 will have a blocked unit of daily lessons during a half term to maximise their opportunity to achieve the 25 metre award.
